

Restack Pallets the Faster, Safer, and Easier Way with a PalletPal® Rotator/Inverter from Southworth

Restacking pallets or skids by hand is not only a strain on the back, but because it can take 20 times longer than a Southworth Pallet Inverter, it's also a strain on productivity.

The Southworth PalletPal® Pallet Inverter is the fast, safe, economical way to rotate pallet loads. The pressure-adjustable clamp secures loads measuring up to 48" x 48" x 60" and weighing up to 4,400 lbs. and rotates them a full 180° at the touch of a button.

The uses are endless...

- Transferring to or from in-house to shipping pallets or slip sheets
- Replacing damaged items at the bottom of a load
- Turning inventory for freshness
- Replacing broken pallets

For complete details, visit www.SouthworthProducts.com/inverter

Just four simple steps...

1. Place loaded pallet into inverter.
2. Add replacement pallet or slip sheet to top of load.
3. Press button and load will be completely inverted in 60 sec.
4. Cycle is complete.

Features

Rugged A-Frame design houses a massive anti-friction turrett bearing for smooth rotation with minimal maintenance.

Safety Rail provides a visual alert as well as a physical barrier to protect operators. Fork Pockets allow for easy relocation.

Clamping pressure can be adjusted by the user to prevent crushing of delicate loads.

Remote Operator Interface is so simple that operators can be trained to use it in a matter of seconds.

Time to Pay Back

The more pallets you restack the faster your investment pays off. Just look at the chart below to see how long it will take for a Pallet Rotator/Inverter to "pay for itself" in your operation.

Pallets Restacked Per Week	Hours Per Week Spent Restacking Pallets	Labor Costs of Restacking Pallets	Weeks to Pay Back
50	16 $\frac{2}{3}$	\$417	59
75	25	\$625	40
100	33 $\frac{1}{3}$	\$834	29
150	50	\$1,250	20
200	60 $\frac{2}{3}$	\$1,667	15

Estimates are based on 20 minutes to manually restack a pallet with a labor rate of \$25/hour.

Specifications

Model	Capacity	Overall Dimensions			Max. Opening	Min. Opening	Clamp Speed	Overall Dimensions			Power	Approx. Shipping Weight
